

# Larry Haight's 6 Ways To Improve Your Curb Appeal

Here are six ways to boost your home's value. In this unstable economy spending a little, will get you a lot. Making decisions that show a positive Return on your Investment (ROI) is a smart way to spend. Return on investment (ROI) means the money you recover in the value of your home if and when you sell for home improvements. Your home is one of the largest investments you will make, maintain and improve wisely. Curb appeal isn't about keeping up with the Jones', curb appeal is about getting the most out of what you have.
